

LIFE Group Study Guide

Please take the time to look over the notes and passages before coming to your LIFE group this week. There are some tools online: www.nbchurchcf.org (under "Resources"). Also, use your "Finding Your Fit" workbook to help you discover and track your S.H.A.P.E.

1. Take time to prayerfully complete **pages 15-17** in your "Finding Your Fit" workbook. Once completed, record your findings on **page 6** of your S.H.A.P.E. Ministry Profile. What have you learned about Heart in this SHAPE series?

2. Take time to go back through the "Understanding My Heart" section of your notes from Sunday (look up the verses and work through why each area is important). In light of what you've learned, how important is it to care about what you allow into your mind / life through social media, friends, entertainment, etc.? What commitments or decisions do you need to make to clean up your heart?

3. Read **Philippians 3**
Take time to really read and understand Paul's heart in **Philippians 3**. What do you see about his passion for the Lord? What things does he say that really reveal his heart/passion?

What does he say about his passion for people who are following Christ?

What about those who are not following Christ, what's his heart for them?

4. What about you? What's your passion, your heart? How will knowing your "H" help us be better followers of Christ? In what practical areas can your heart help you to serve most effectively? It's important to remember that you were not created to do EVERYTHING, but you were created to do SOMETHING - what is that something? If you're unsure, ask someone, pray about it, examine your life and see what you discover!

If you're not currently in a LIFE group, use the "Church Center" app to get more information and sign-up to join one today!
